

# Wolsey Lodges Garden Trail

For those who enjoy visiting gardens why not combine it with a stay at a Wolsey Lodge?

There may be some garden lovers who, before getting totally immersed with the jobs to be done in their own gardens, might wish to take a break away and visit other gardens for inspiration, ideas and tips. There maybe those who just enjoy the spectacle of visiting a new garden with new displays.

We have highlighted some homes below as you may find their own gardens of particular interest or because they are close to a national garden that is well worth a visit.

Click on Lodge name to read more.
