

Wolsey Lodges Garden Trail

Pitfour House, Bath, Somerset

Pitfour House, owned by Martin & Frances Hardman, offers first class accommodation in Georgian surroundings.

The well kept secret of the house is the half acre walled garden with views of the surrounding hills. The garden was created by Frances, a keen flower arranger, with many unusual plants and shrubs. The patio has a Mediterranean feel with palms and a fountain - a lovely place for afternoon tea. Not so grand as Stourhead, Iford Manor, or the formal gardens in Bath, all of which are close by.

Martin produces vegetables throughout the summer which are used in the culinary delights of dinner.

Do try a weekend or mid week break at Pitfour House!
