

Wolsey Lodges Garden Trail

[Tubbs Mill House](#), St Austell, Cornwall

Denise is a trained horticulturist and will be happy to give you ideas of gardens to visit during your stay. For instance, [Caerhays Castle](#) is just one mile from Tubbs Mill House and holds [The National Magnolia Collection](#). The Lost Gardens of [Heligan](#) are literally 'up the road'.

[Pine Lodge](#) and [Trewithen](#) are both within five miles of the house - Pine Lodge has an amazing plant collection and the owner knows everything there is to know about plants. Trewithen is a wonderful large, walled Jacobean garden full of magnolias, camellias and spring colour with a wonderful plant centre where they raise the plants themselves in the 'old fashioned' way!

Call Denise to discuss your visit. She will be only too pleased to help.
