

An outstandingly warm and welcoming house in an Area of Outstanding Natural Beauty – what more could you ask for? Launceston Farm offers guests a stylish and comfortable home from home which has been carefully and lovingly restored.

Your arrival will be marked with delicious tea and cakes in front of a fire in the drawing room or, when the weather permits, a sunny corner of Launceston Farm's beautiful garden. This house has a most calming ambience and all six en suite bedrooms have an air of lavish comfort with ornate, antique furniture and slipper baths in three rooms. Wireless internet access is available throughout the house. Guests are welcome to explore the 800 acre organic farm and enjoy the outdoor swimming pool in summer.

Much of the food served here has been grown on the farm and the menu, should you request dinner as well as breakfast, will feature delicious cordon bleu cooking at its very best.

Your Hosts

Your hostess is Sarah Worrall who runs the farm with her family. Sarah's enthusiasm and love of her home and the countryside around her is evident and she happily shares this with her guests. From the welcome you receive on arrival to the detailed information compiled about the best places to visit in Dorset, Sarah will ensure your stay here is very special indeed.

The Location

Stunning coasts and benign countryside are the hallmarks of Dorset. Historic towns such as Wimborne and Salisbury vie for attention alongside the natural wonders of Poole Harbour and the Jurassic Coast whilst for history lovers there is the preserved 18thC Milton Abbas village and Bovington Tank Museum.
